

Dear Parent/Carer

September 2020

My GCSE science.com for Combined Science for Y11 valid until 30 June 2021

As part of our commitment to supporting your child through their Science GCSEs, the school would like to offer you a subscription to My GCSE Science video tutorials and exam-preparation resources. **This resource will be available as a new one year account which ends on 30 June 2021.**

My GCSE Science has created an excellent online learning and revision platform that is fully updated for the 9-1 GCSE specifications. As well as video tutorials, the platform provides multiple-choice quizzes, exam-style questions and mark schemes on every topic. It covers both Foundation and Higher tier material and provides advice on Maths Skills and Required Practical. A 'traffic-light' progress tracker provides structure and organisation to help your child navigate the substantial amount of content on the course. My GCSE Science works well on laptops, tablets and smartphones.

Subscriptions for this one year account will cost £5.20 and there is a deadline of Friday 25 September to order an account for the academic year 2020/2021. Login details for subscriptions purchased will be sent to students and parents as soon as they are available after the closing date. Any subscriptions requested thereafter will need to be purchased direct from the company website <https://www.my-gcsescience.com/>.

You can order this item by going online to your Parentpay account. Unfortunately we no longer accept cash or cheque payments within school.

Parentpay is a very secure website where you can pay online or you can pay in cash at local stores where you see the PayPoint logo.

If you would like a copy of your unique activation username and password please email parentpay@silverdale-chorustrust.org stating your child's name and year group. Once you have paid, please check on Parentpay that you have received a transaction receipt for the payment – you can use this as proof of purchase in the situation of us not receiving your payment and possibly not allowing your child to take part in an activity/ receive resources.

Please do not hesitate to contact me if you require further information.

Yours sincerely

Mrs K Beale
Subject Leader Science
